**Top Ten Ways to Help**

**Pollinators:** Think twice about getting a hive of honeybees. On the island of Ireland, we have one honeybee species, and it is not in decline. Most honeybees are 'domesticated pollinators', living in hives and managed by beekeepers. Our 100+ wild bee species are under threat. If we have too many honeybee hives in the landscape, they can compete for food with our struggling wild pollinators. You should only get a honeybee hive if you want to start a new hobby, but it is not the best thing to do for biodiversity. **Prayer****Prayer of Blessing**

Sustain us, Lord with the food of life as we go upon our way. May the Bread of Heaven be our strength; May the broken Body of

Christ bring us healing;  
May the Spirit of the Risen Christ renew our youthful generosity;  
May the Sacred Heart of Jesus give us compassion;  
May the crucified Christ of Calvary help us bear our daily burden.  
A blessing, Lord, on your people:  
- a blessing on all at this Eucharist;  
- a blessing on the neighbours and friends;  
- a blessing on the enemy, Lord, as you bid us pray;  
- a blessing on the sick and the fearful, the weary and the aging;  
- a blessing from the Heart of Christ on those who forgive;  
- and life eternal to our dead, and the dead of our community, and of our nation, and all who have walked with you since time began.  
We make our prayer through Christ our Lord, AMEN.
